

Subject: CSWC Operational Period Summary 1800 January 10 to 0600 January 11 2014

WEATHER:

A weak frontal system moving through northern California will bring the first precipitation in over a month to many areas. A few inches of snow will be likely over the higher elevations. On Sunday, building high pressure will bring fair skies and daytime high temperatures well above normal. Fire weather due to high winds and low humidity will become a concern for portions of southern California Sunday into Wednesday.

State Weather Map

SIGNIFICANT EVENTS/ACTIVITY:

Cal EOC Incident – 2014 Drought (No Change)

The lack of winter rain and snowfall has resulted in drought conditions throughout the State. Some local jurisdictions are implementing mandatory conservation orders. Reservoir levels are down significantly from where they should be on average for this time of year. Severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are

likely in store for the State over the next few months. The Governor has established a Drought Task Force to oversee and coordinate the response to this event.

Drought Resolutions/Proclamations

01/07/14 - Mendocino County – no request for state assistance at this time

01/08/14 – City of Willits, Mendocino County – no request for state assistance at this time

Southern California: NSTR

CAL OES MISSIONS:

New Missions: NSTR

Ongoing Missions:

2014-LAW-1939 On 01/09/14 at 0950 hours Contra Costa County S.O. received a request from Pinole PD for a Human Remains Detection (HRD) K-9, in conjunction with a search operation with the FBI. This is a cold case homicide in which information was received that a body was buried in the basement of a house between the years of '89-'93. The FBI would like a mutual aid K-9 to narrow down the search area. The SAR K-9 Team is requested to meet on Friday, 1/10/14, at 0730 hours at Pinole PD. Due to the fact that this case involves human remains from as far back as 1989, Cal OES Law Duty Officer contacted the Santa Clara County SO SAR Coordinator to secure the requested resources from the Canine Specialized Search Team (CSST) out of Santa Clara. CSST accepted the mission.

2014-LAW-1935 On 01/08/14 at 1248 hours, The Humboldt County Sheriff's Office (HCSO) requested SAR resources regarding a death investigation in Weitchpec, Humboldt County, on Hwy 169 about 35 miles northeast of Eureka. HCSO is attempting to recover additional remains of the decedent and is requesting HRD K-9's to assist in that effort. The Cal OES Law Duty Officer contacted the Cal OES K-9 Coordinator who is working to secure the requested resources. On 01/08/14 at 1830 hours the Cal OES Law Branch secured 2 HRD K-9's for a Sunday, January 12, 2014 Search Operation. Contact information provided and the HCSO SAR contact was advised.

2014-LAW-1797 On 12/18/13 at 0800 hours, Butte County Sheriff's Office (SO) requested a dive team and underwater Remotely Operated Vehicle (ROV) with 300 foot depth capability for a body search of Lake Oroville. Cal OES Law Duty Officer (LDO) is coordinating resources. LDO advised that the ROV required repairs which caused the operation to be postponed. UPDATE: 01/08/14, Confirmation received from San Francisco Police Department (SFPD) that their remote operator vehicle (ROV) is repaired and will be shipped back to them today. Once received, SFPD will coordinate with the Oakland PD Marine Patrol regarding the request for their deep depth sonar equipped ROV and they will work in tandem. SFPD is hoping to get their

ROV back by Friday, 1/10/14. If they do they will test it on Monday and conduct the search operation (with Oakland PD) on Tuesday, 1/14/14.

2013-Coastal-1867 On 12/23/13, Monterey County Environmental Health requested the Department of Toxic Substance Control (DTSC) for post-fire household hazardous waste and asbestos removal for burned residences. This is an ongoing program after a fire in California. DTSC has been on scene since 1/6/14.

Closed Missions: NSTR

CAL OES ACTIVATIONS: NSTR

CAL OES DEPLOYMENTS: (No Change)

Cal OES Public Assistance Staff Deployments, Rim Fire Recovery, Tuolumne County
Five (5) PA staff members (Jim Lishman, John Schuessler, Sean Smith, Tim Smith and Reuben Bernaldez) are currently deployed for the current Operational Period 01/09/14 – 01/23/14.

Cal OES Individual Assistance Staff Deployments, Pfeiffer Fire Recovery, Monterey County

One (1) Individual Assistance (IA) staff member (Lidia Armas) is deployed, 01/10/14 – 01/13/14, 2014 for a Preliminary Damage Assessment (PDA) in Monterey County. A damage assessment with the county, Cal OES, and U.S. Small Business Administration (SBA), is scheduled for Friday, 01/10/14.

AGENCY/DEPARTMENT REPORTS:

CALIFORNIA DEPARTMENT OF PUBLIC HEALTH (CDPH)/EMERGENCY MEDICAL SERVICES AUTHORITY (EMSA) (NEW)

Influenza Impacts to California:

On January 10, 2014 at 1800 hours the California Department of Public Health (CDPH) released a report re: Influenza Outbreak with the following information:

Overview

- * According to CDPH surveillance indicators, influenza activity has been increasing steadily since Mid-December and is now considered to be widespread.
- * For the week ending January 4, 2014 there were more hospitalizations for pneumonia and influenza than expected, based on historical trends.
- * As of January 4, there have been seven confirmed influenza deaths in persons under 65 years of age reported to CDPH. Twenty-eight more deaths are under investigation. Only influenza deaths in persons less than 65 years of age are reportable in California.
- * The H1N1 strain appears to be the predominant strain so far this flu season and is one that is contained in the current flu vaccine.

Immunization/Treatment/Prophylaxis Supplies

- * Overall, antiviral and N95 supplies are adequate.
- * The Emergency Pharmaceutical Services Unit (EPSU) has contacted Genentech, the manufacturer of Tamiflu to verify that there is no shortage of Tamiflu at the manufacturer level. Genentech reports that they continue to allocate supplies to their wholesalers and has requested that CDPH notify them of any outages/shortages.

Response

- * CDPH held a media call on Friday, January 10, 2014.
- * CDPH is reaching out through their Regional medical/health coordinators and provider associations to poll for hospital availability, any resource needs or potential local health emergencies.
- * EMSA has provided staff to participate at the MHCC and is coordinating with the Regional Disaster Medical and Health Coordination (RDMHC) Program to collect information from local emergency medical services agencies (LEMSA) and Medical/Health Operational Area Coordinators (MHOAC).
- * No state assistance needs have been identified thus far.
- * CDPH will hold a stake holder call next Tuesday, January 14, 2014 at 1300 hours and Cal OES will participate.
- * A comprehensive Influenza report will be provided to OES weekly (Friday).

Activations

- * CDPH and EMSA activated the Medical and Health Coordination Center (MHCC, formerly the Joint Emergency Operations Center) at noon on January 10, 2014 in response to an increase in influenza-like illness (ILI) and medical surge occurring throughout California.

See attached for full CDPH MHCC report.
